Marinaline

ABOUT US

Marinaline Limited, founded with a clear purpose of bridging the gap between top-tier marine equipment manufacturers and the underserved yet rapidly growing maritime markets of the Gulf of Guinea.

Recognizing the persistent challenges of sourcing reliable, compliant, and high-performance marine solutions in the region, we set out to become the trusted link that delivers not just equipment, but confidence, continuity, and quality.

Driven by a passion for maritime development and operational excellence, we serve commercial shipping lines, naval institutions, offshore operators, shipyards, ports, and maritime academies. Through strategic partnerships, transparent procurement practices, and a deep understanding of regional dynamics, Marinaline ensures that our clients gain access to global innovations backed by local support.

At our core, we exist to raise the standard of marine operations in West Africa, one solution, one vessel, one partnership at a time.

OUR Vision

To establish Marinaline as a globally recognized leader in marine equipment procurement and supply, providing dependable, innovative, and compliant solutions that support maritime operations across the Gulf of Guinea and key international markets.

OUR

MISSION

To empower the Gulf of Guinea's maritime industry by providing seamless access to trusted marine equipment, fostering reliable partnerships between global manufacturers and regional operators, and raising the standard of marine operations through quality, innovation, and logistical excellence.

◀ Our Core Values ▶

INTEGRITY

We conduct every business with honesty, transparency, and accountability, ensuring trust with our clients, partners, and communities.

CUSTOMER PARTNERSHIP

Our clients are more than customers – they are long-term partners. We are dedicated to supporting them with reliable solutions, timely delivery, and after-sales service.

SAFETY WITHOUT COMPROMISE

Protecting lives, vessels, and cargo is our top priority. Every solution we deliver is guided by international standards and a commitment to maritime safety.

REGIONAL EMPOWERMENT

We are committed to strengthening the Gulf of Guinea's maritime sector by providing access to world-class products, technical expertise, and sustainable solutions.

INNOVATION WITH PURPOSE

We bring cutting-edge global technologies and adapt them to meet the real needs of the Gulf of Guinea maritime industry.

RESPECT FOR THE ENVIRONMENT

We are committed to sustainable practices that safeguard marine ecosystems while supporting responsible maritime growth.

ANCHORING, MOORING & DREDGING

Anchoring, Mooring & Dredging Equipment:

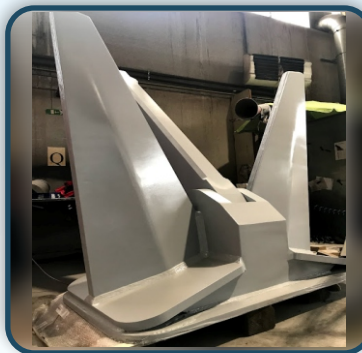

We supply high-quality anchoring, mooring, and dredging solutions designed to deliver vessel stability, safety, and operational efficiency at sea and in dredging environments.

Our range includes anchors, mooring lines, chains, dredging related hardware, all manufactured to international standards for durability, superior strength, and corrosion resistance.

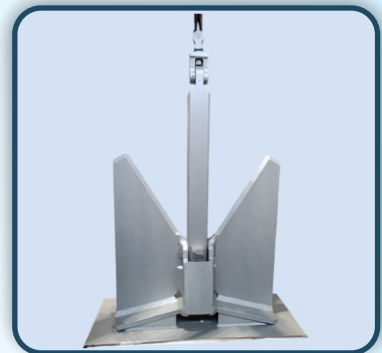

Whether for anchoring, towing, mooring, or dredging operations, our equipment ensures long-term service, safety, and reliable performance across diverse marine conditions, supporting vessels and dredging projects of all sizes.

MARINE ROPES

Strong and durable ropes that have excellent abrasion resistance and minimal strength loss when wet. Resistant to rot, mildew, oils, gas and most chemicals, while also offering good UV resistance.

These qualities make them highly reliable for use as mooring lines, anchor lines, and towing lines.

MARINE SAFETY EQUIPMENT

Marine Safety Equipment: We provide SOLAS- and IMO-compliant safety and life-saving equipment to meet the highest international maritime standards. Our product range includes lifeboats, life rafts, personal lifesaving appliances, fixed and portable firefighting systems, and emergency response gear. Each solution is engineered to protect crew, cargo, and vessels while ensuring full compliance with regulatory requirements.

MARINE COATINGS PAINTS & ADHESIVES

We provide advanced marine coatings, paints, and adhesives engineered to withstand harsh sea conditions. Our solutions offer long-lasting protection against corrosion and fouling, while also improving bonding strength where needed. By extending vessel lifespan, reducing maintenance costs, and enhancing overall performance, we ensure reliability and efficiency at sea.

SPECIALIZED MARINE TECHNOLOGY

Our specialized marine technology delivers advanced solutions that enhance safety, reliability, and efficiency in critical operations at sea. This category currently features Remotely Operated Vehicles (ROVs) for underwater inspection, maintenance, and exploration, as well as Rope Monitoring Systems for real-time detection of steel wire rope wear, fatigue, and hidden defects in lifting and mooring applications. Together, these technologies support safer operations today while paving the way for the integration of future smart marine applications.

Sand Blasting

Marinaline Limited provides professional sand blasting services to restore and protect marine vessels and offshore structures.

Our process effectively removes rust, old coatings, and surface contaminants, creating a clean and durable base for repainting and coating applications.

With skilled technicians and modern equipment, we ensure high-quality finishes that enhance corrosion resistance, extend asset lifespan, and maintain compliance with marine safety standards.

Maritime Brokerage Servicing

Marine Equipment Leasing

Marinaline Limited offers flexible marine equipment leasing solutions to meet the diverse needs of ship owners, operators, and offshore projects.

Our leasing portfolio includes essential machinery, deck equipment, and safety systems sourced from trusted global brands.

With cost-effective options and dependable support, we provide clients with the right equipment on time, ensuring efficiency and reliability without the burden of ownership.

Marinaline Limited offers trusted ship brokerage services, connecting vessel owners, buyers, and charterers across global markets.

We provide expert guidance in sales, purchases, and charter arrangements, ensuring transparent transactions and tailored solutions that meet client objectives.

With strong industry networks and market insights, we deliver reliable brokerage services that add value at every stage of the process.
